

FELLFAB®

Non Medical - Personal Use

Face Masks - Available Now

FELLFAB® has designed a personal use, non-medical rated, reusable face mask. These masks are now in full production in both our US & Canadian facilities.

Our non-medical face mask acts as a physical barrier for personal use, exams, and visitations. Made from premium 100% cotton, these 2 ply masks serve as a primary protection layer. Masks can be laundered and reused.

Please note these masks are non-certified, and should not be substituted for a medically certified mask.

There are two sizes available, regular and large.

Part Numbers & Size:

Regular Part No. 575886

Folded - 4 ¾" wide x 5 ¾" high at nose, 3 ½" at back

Large Part No. 575887

Folded - 5 ¾" wide x 5 ¾" high at nose, 3 ¼" at back
